

CarerEngage Workshop 3 - Family Carer Experiences of Inclusion and Exclusion

Wednesday 22nd September 2021, 2pm-3pm (via Zoom)

Care Alliance Ireland and the UCC Institute for Social Science in the 21st Century, with funding from the Irish Research Council (New Foundations) invite you to the third and final in a series of free digital round table events taking place as part of the CarerEngage project. This series has been designed to address the project goals of centering and embedding family carers in the co-production of carer research, supports and policy. See the project website [here](#) for more details.

Family carers have varied experiences of both **inclusion** and **exclusion**, and in this one-hour session we will hear from a number of family carers who are willing to share those experiences, in order to consolidate the learning from the previous project workshops.
